Kenny and Craig Experimentation

****AUTHOR'S NOTE:** This is a scenario that comes before the alternate "Tweek x Craig" scenario. I'll put it this way: after Craig and Tweek became boyfriends, Craig became more affectionate to Tweek because of his near identical resemblance to Kenny.**

In Craig Tucker's bedroom, two pretty boys are slowly kissing and rubbing against each other. One was Craig, and the other was Kenny McCormick. Kenny has an uncanny resemblance to Tweek Tweak, which made Craig want to try out having sex with a "twin".

Kenny and Tweek may be "twins", but they're both different from each other. Kenny is lewd and hyper-sexual, while Tweek is nervous and paranoid. One is rail thin, while the other is a light chub. One had eyes of the ocean, while the other had eyes of dark marijuana buds. Craig had always thought about a technical twin fantasy, and right now, he is going to experience it in full.

The two had now stripped each other down to their boxer briefs, and are grinding on the bed, with Craig on top of Kenny. The two passionately kissed as Kenny's hands traveled down to Craig's fit ass. He lightly spanked it, causing Craig to grind against him harder and make Kenny gasp in sharp arousal.

Craig brushed his palms across Kenny's bare, bony, slightly hairy chest. He traced his fingers around the blond's pink nubs and ran them through his light brown chest hair. Kenny moaned as his 6 3/4-inch erection strained against the front of his red boxer briefs. Craig noticed the bulge being ready to get free, so he slowly removed Kenny's underwear, letting the latter's stiff erection hit his stomach.

Kenny did the same to Craig so he could suck him off. Kenny stuck the stoic teen's boner down his throat and went to town, gagging on it and pumping it while Craig moaned in euphoric delight. He then licked the boner while rubbing his balls, and then sucked once more. As Craig was fully hard, it was time for him to satisfy Kenny.

The horny blond flipped onto his stomach, presenting his bony, pasty butt to Craig. The black-haired teen rubbed Kenny's rear and prepped him by licking his two fingers and shoving them inside him. He stretched his rectum to fit his large dick in there, then pulled his fingers out, went to retrieve a tissue to clean his fingers, then a condom and lube. He put the condom on his massive cock, applied the lube, and then rubbed the tip of his erection against Kenny's pink rear entrance. He slowly slid in, adjusted for fit, then grabbed onto Kenny's hips as he slammed inside him.

Kenny stuck his face in Craig's bed to muffle his eager, pleasurable moans as Craig penetrated him again and again. The noirette pulled out, rubbed his boner against Kenny's anus, and stuck it back in. Watching his own cock go in and out of Kenny's ass made him thrust faster, thus making Kenny loudly cry out and him groan in sexual peace.

After pulling out and rubbing a second time, Craig went in and out of Kenny for a third time, the sound of smacking flesh filling the room. Craig pulled out once more, removed his condom, masturbated over Kenny's ass, and then came all over it seconds later. Kenny rubs Craig's cum all over his glazed behind, while a spent Craig falls face first onto his bed. Kenny grabs Craig's face so that they could look into each other's eyes.

****Kenny: **Am I a great twin or what?**

****Craig: (smiling) **You're an awesome twin. Let me help you with your boner. Don't wanna be left with blue balls.**
